11 Permissions

All names, grades, and numbers are sample data.

Screen 1: Landing and login

All users

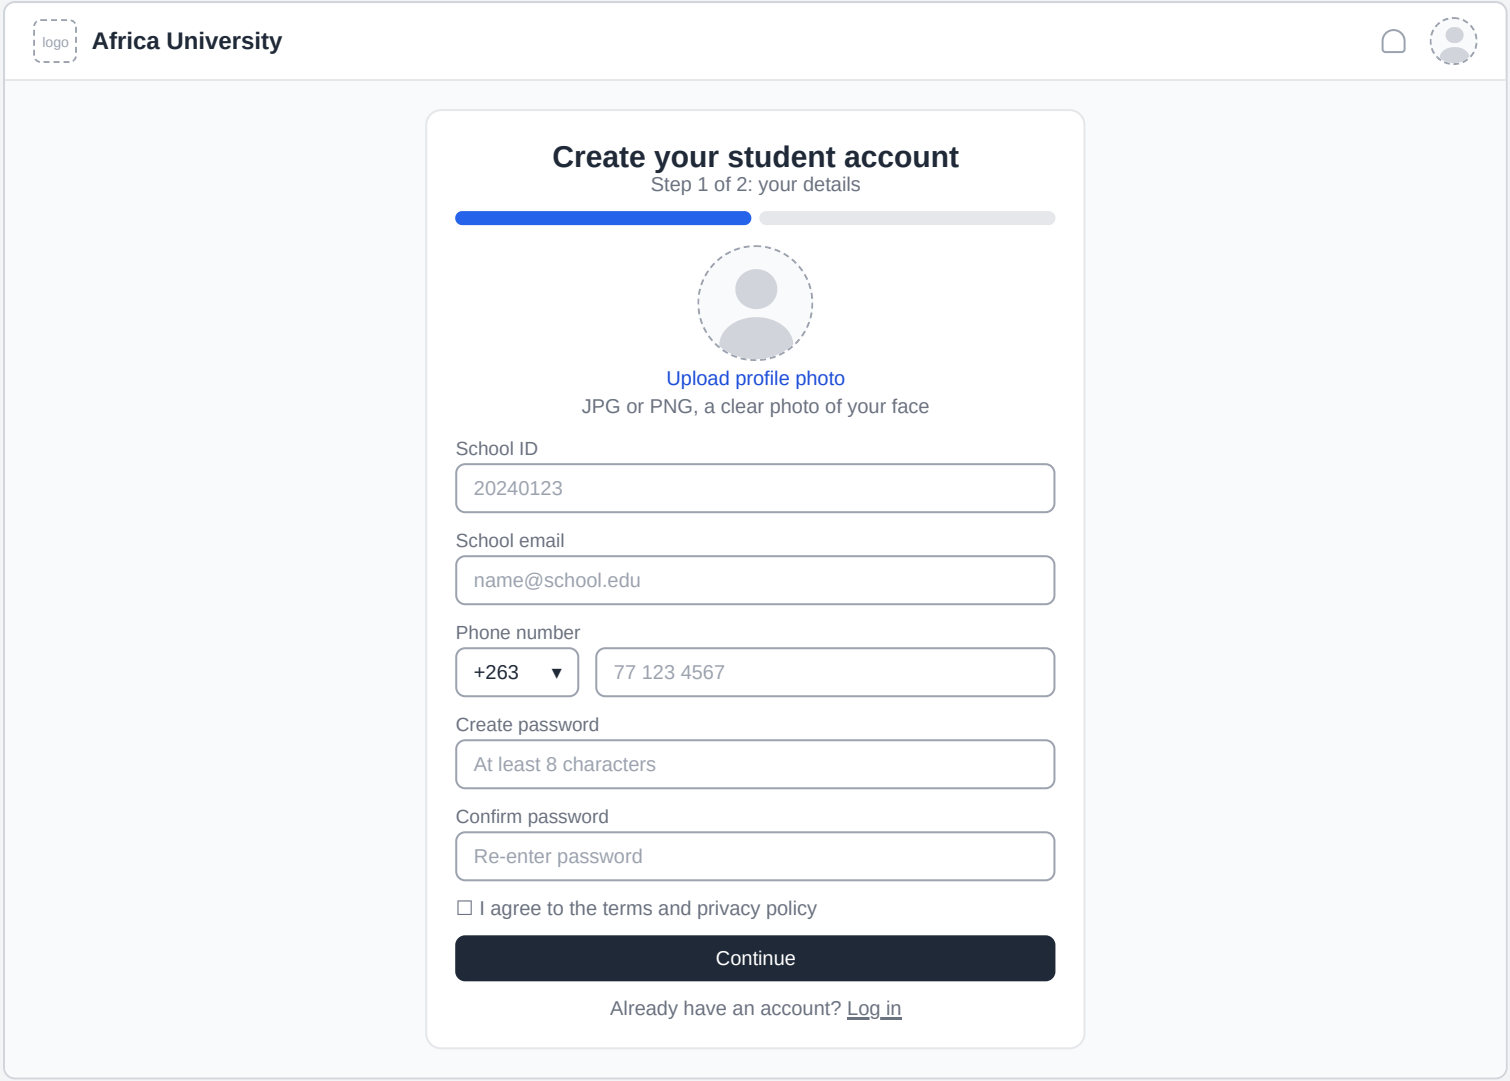

What this screen does

- Users choose Student, Staff, or Admin with a three-way switch.
- Login uses the school email or school ID plus a password.
- The sign-up link only shows for students.
- Staff and admin accounts are created by an administrator, so a note replaces the sign-up link.
- The round photo area at the top reflects the profile picture feature.

Screen 2: Student sign-up

Students

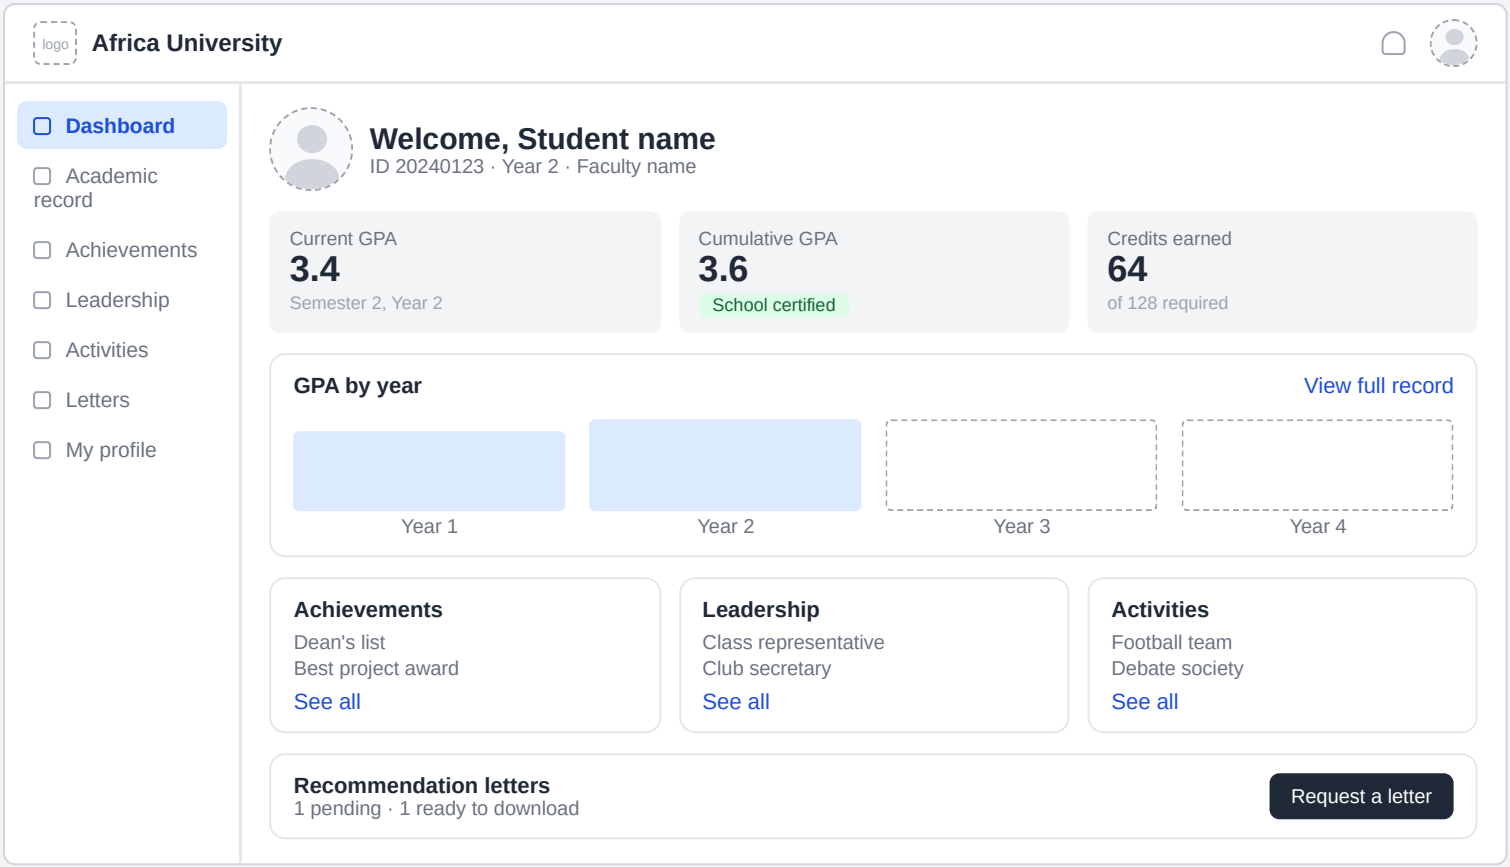

What this screen does

- Only students can sign up. They use phone number, school ID, school email, and a password.
- A profile photo is uploaded here and then shown across the portal.
- Confirm password and a progress bar help avoid typos.
- Step 2 (suggested) is a verification code sent to the school email or phone.

Screen 3: Student dashboard

Students

What this screen does

- Shows the student's photo, ID, year, and faculty.
- Current GPA and cumulative GPA are shown, with a School certified badge.
- GPA by year covers every year from year 1 to the last year.
- Short cards link to achievements, leadership roles, and activities.
- A quick button starts a recommendation letter request.

Screen 4: Academic record

Academic record

Download transcript

Grades are certified by the registrar's office. Last updated 15 June 2026.

Year 1 | **Year 2** | Year 3 | Year 4

Semester 1 GPA	Semester 2 GPA	Cumulative GPA
3.5	**3.4**	**3.6**

Semester 1

Code	Course	Credits	Grade	Points
ABC 201	Course name	3	A	4.0
ABC 202	Course name	3	B+	3.3
ABC 203	Course name	4	B	3.0
ABC 204	Course name	3	A-	3.7
ABC 205	Course name	3	B+	3.3

Semester 2

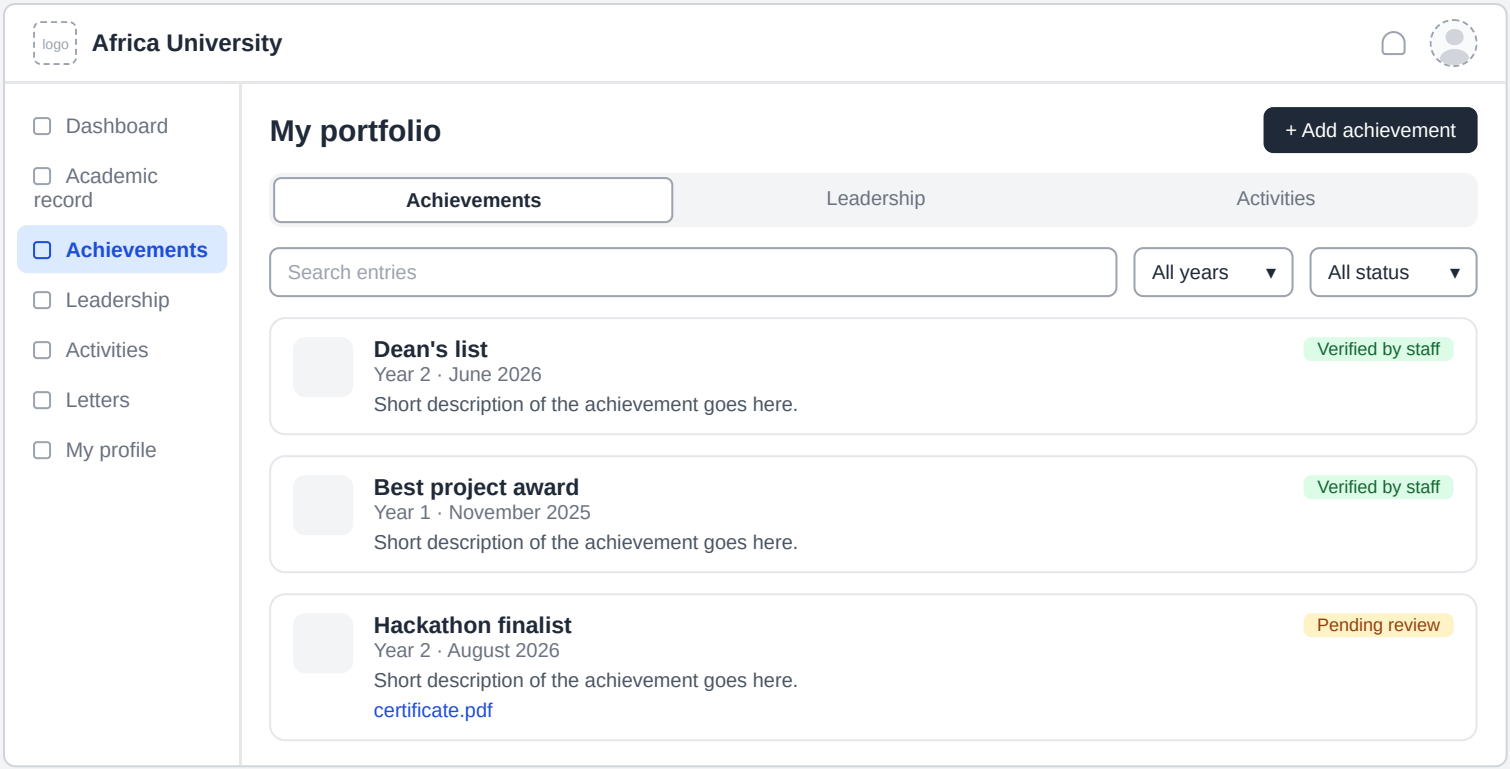

Code	Course	Credits	Grade	Points
ABC 211	Course name	3	A-	3.7
ABC 212	Course name	3	B	3.0
ABC 213	Course name	4	B+	3.3
ABC 214	Course name	3	B	3.0
ABC 215	Course name	3	A	4.0

What this screen does

- A certified banner tells students the grades come from the registrar.
- Year tabs let a student look back from year 1 to their final year.
- Five courses are listed per semester with credits, grade, and points.
- Semester GPA and cumulative GPA sit above the tables.
- Download transcript gives a school-stamped PDF for use after leaving.

Screen 5: Achievements, leadership, activities

Students

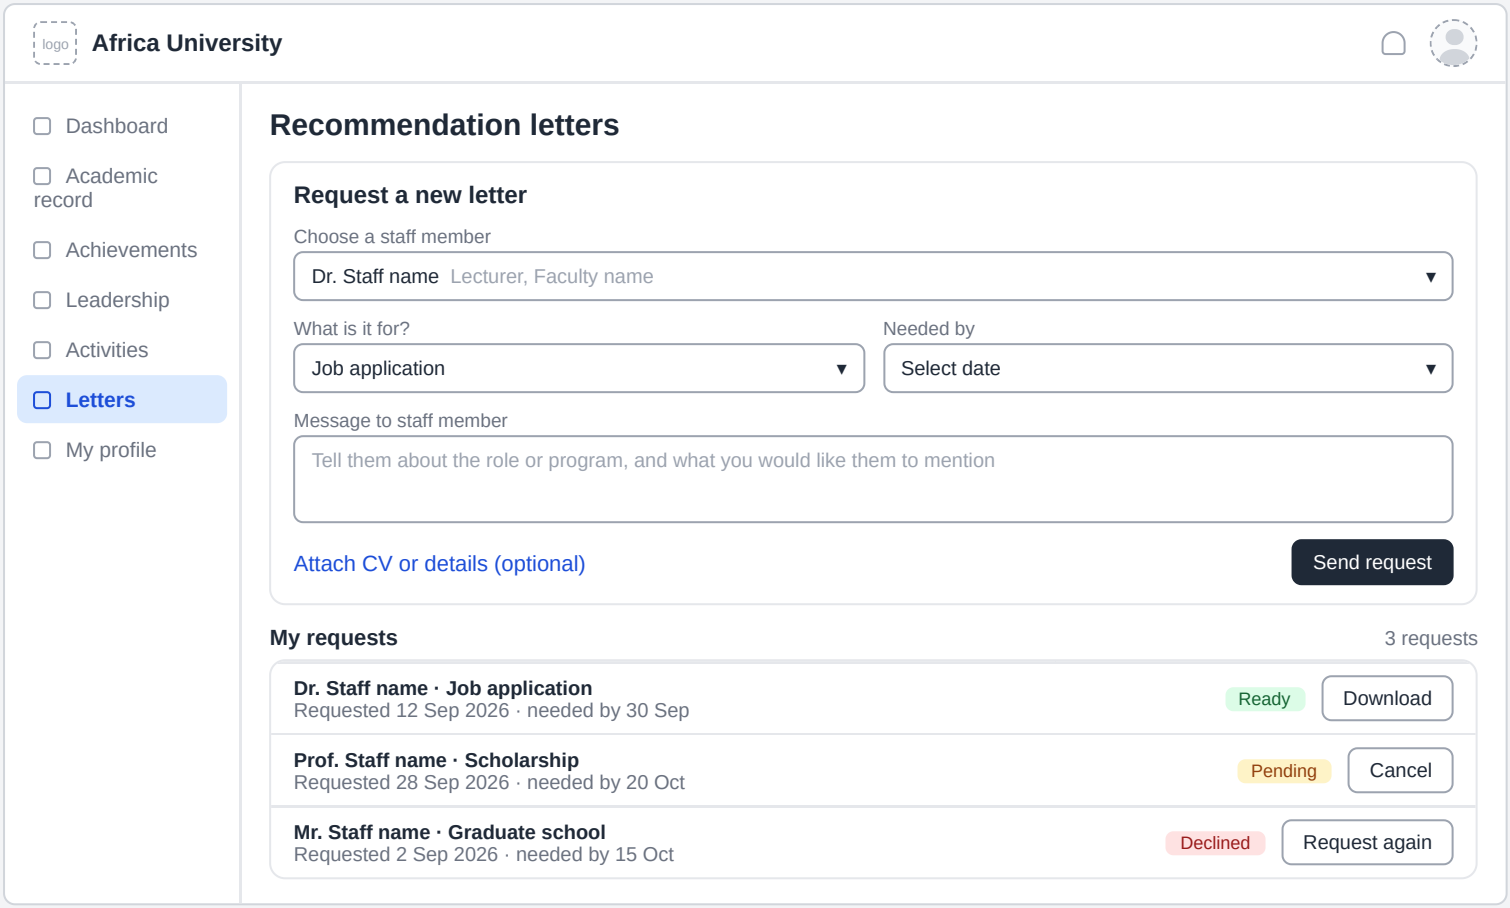

What this screen does

- One page design is shared by three tabs: Achievements, Leadership, and Activities.
- The Add button changes to match the open tab.
- Each entry shows a title, year, description, and an optional attached file.
- Entries are marked Verified by staff or Pending review.
- Students can search and filter by year and status.

Screen 6: Recommendation letters

Students

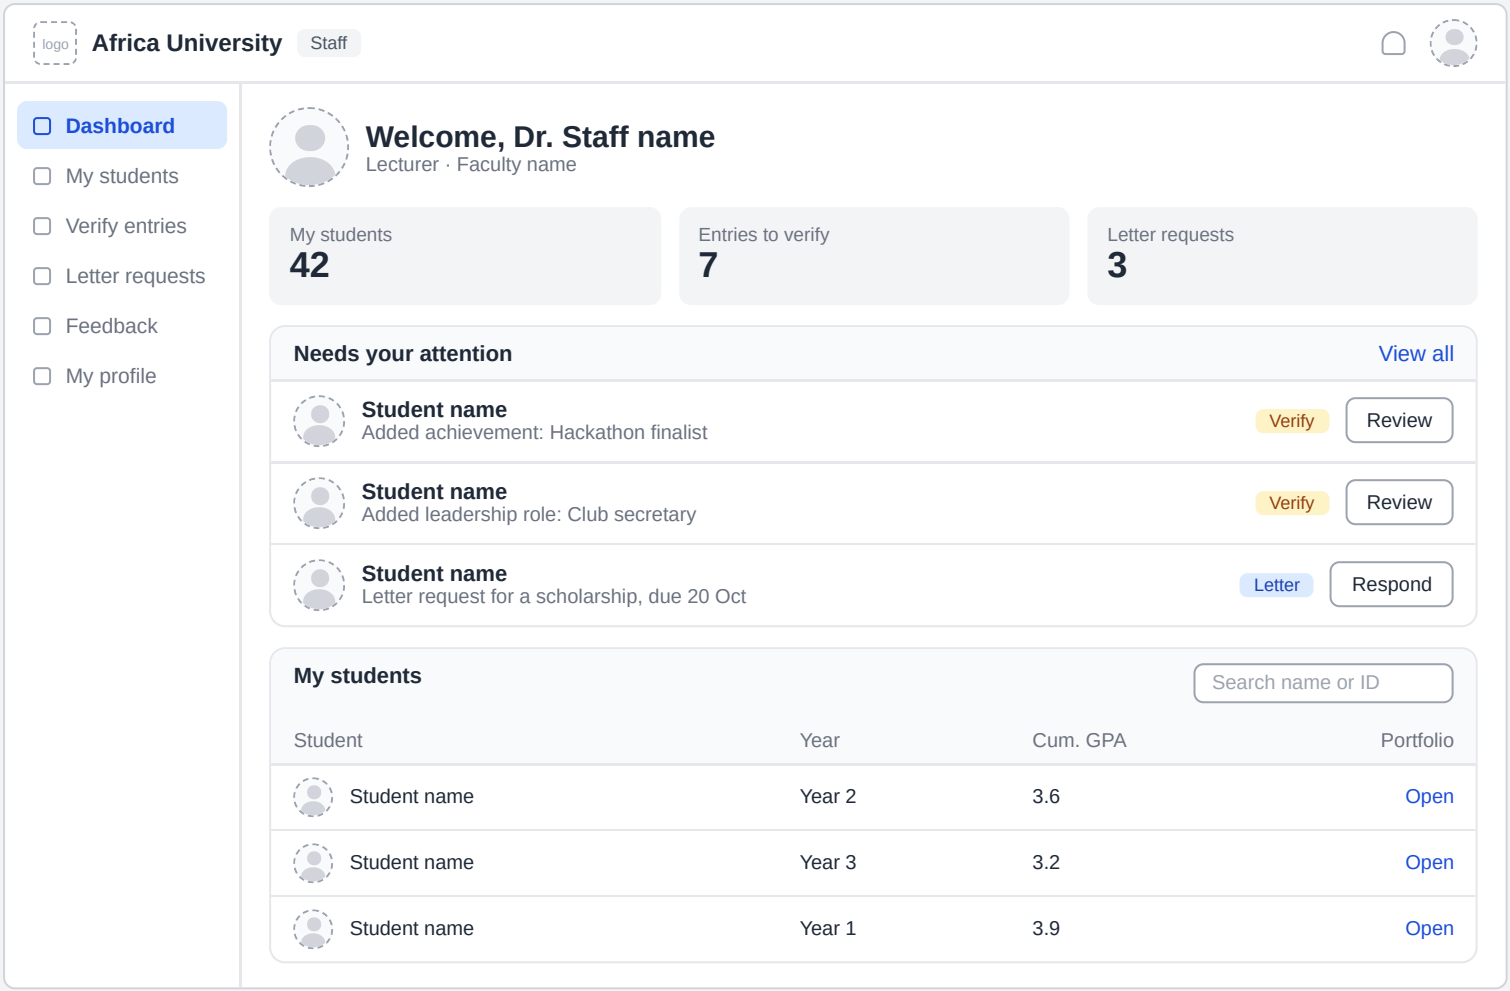

What this screen does

- Students choose a staff member, the purpose, and a deadline, then write a short message.
- An optional CV can be attached to help the staff member.
- Each request shows a status: Pending, Ready, or Declined.
- Ready letters can be downloaded, including after the student has left.
- Alumni access length is still to be decided (see last page).

Screen 7: Staff dashboard

Staff

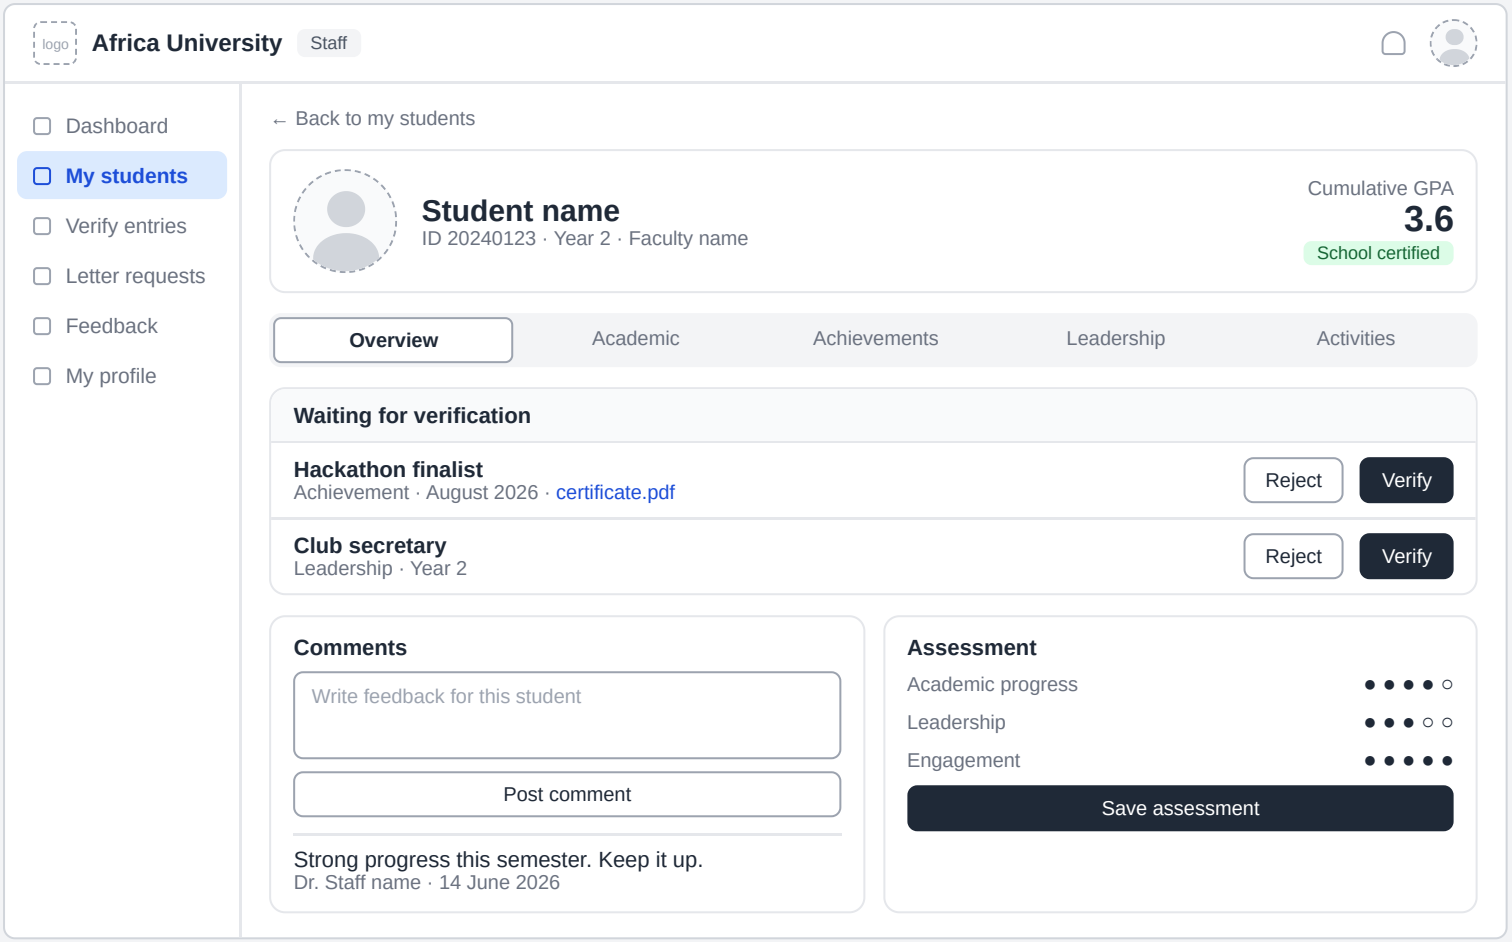

What this screen does

- Summary cards show students, entries to verify, and open letter requests.
- Needs your attention puts verification and letter work in one list, with each student's photo.
- My students is a searchable table with year and certified cumulative GPA.
- Open takes staff to the student's full portfolio.
- Staff accounts are created by administrators.

Screen 8: Staff view of a student portfolio

Staff

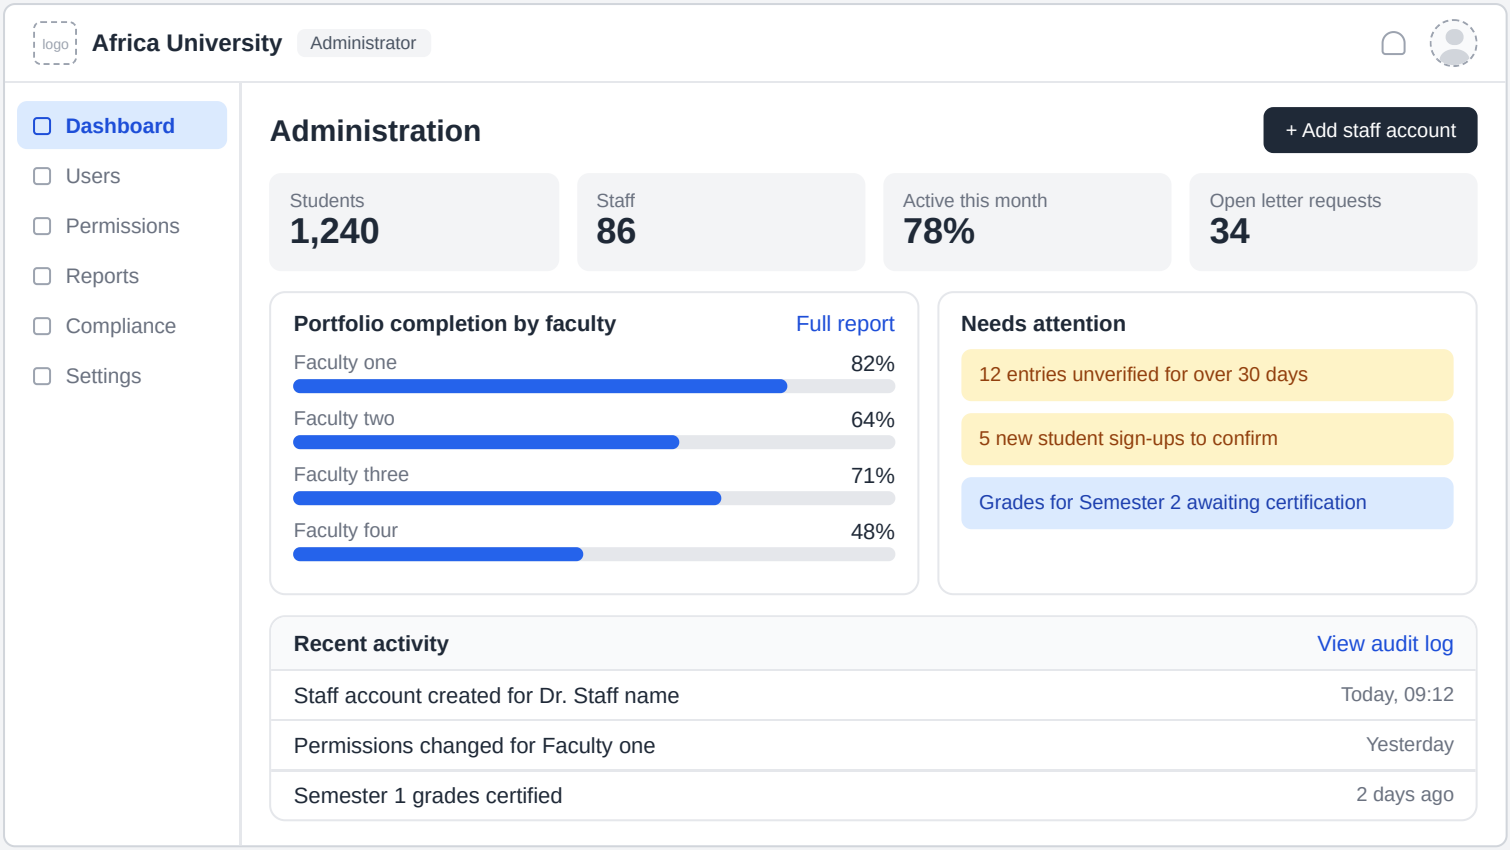

What this screen does

- A header shows the student's photo, details, and certified GPA.
- Tabs let staff read every part of the portfolio. Certified grades cannot be edited.
- Staff verify or reject entries students have added, after opening any attachment.
- Staff can leave comments and score the student on a 1 to 5 scale.
- The assessment areas are placeholders. The school can set its own.

Screen 9: Administrator dashboard

Administrators

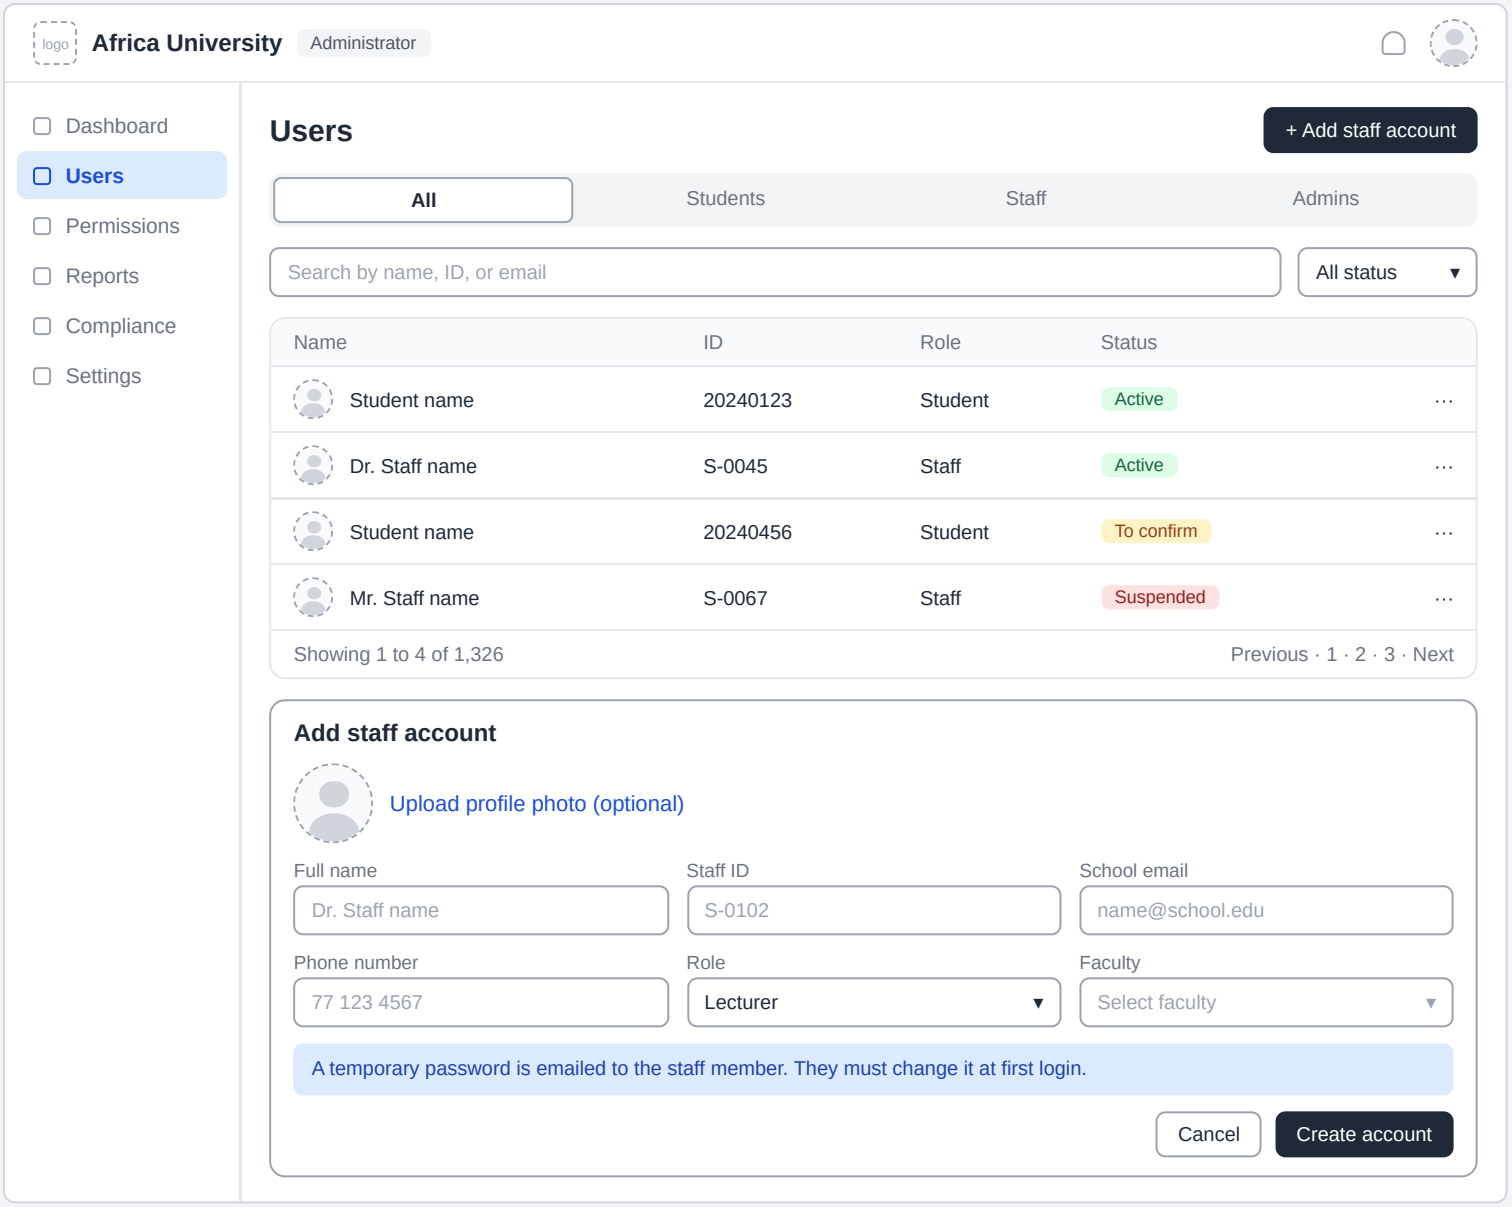

What this screen does

- Add staff account is the main action, since staff accounts are created by admins.
- Summary cards show students, staff, monthly activity, and open letter requests.
- Completion bars show which faculties keep portfolios up to date.
- Needs attention lists overdue verifications, new sign-ups, and grades awaiting certification.
- Recent activity links to the full audit log for compliance.

Screen 10: Users and add staff account

Administrators

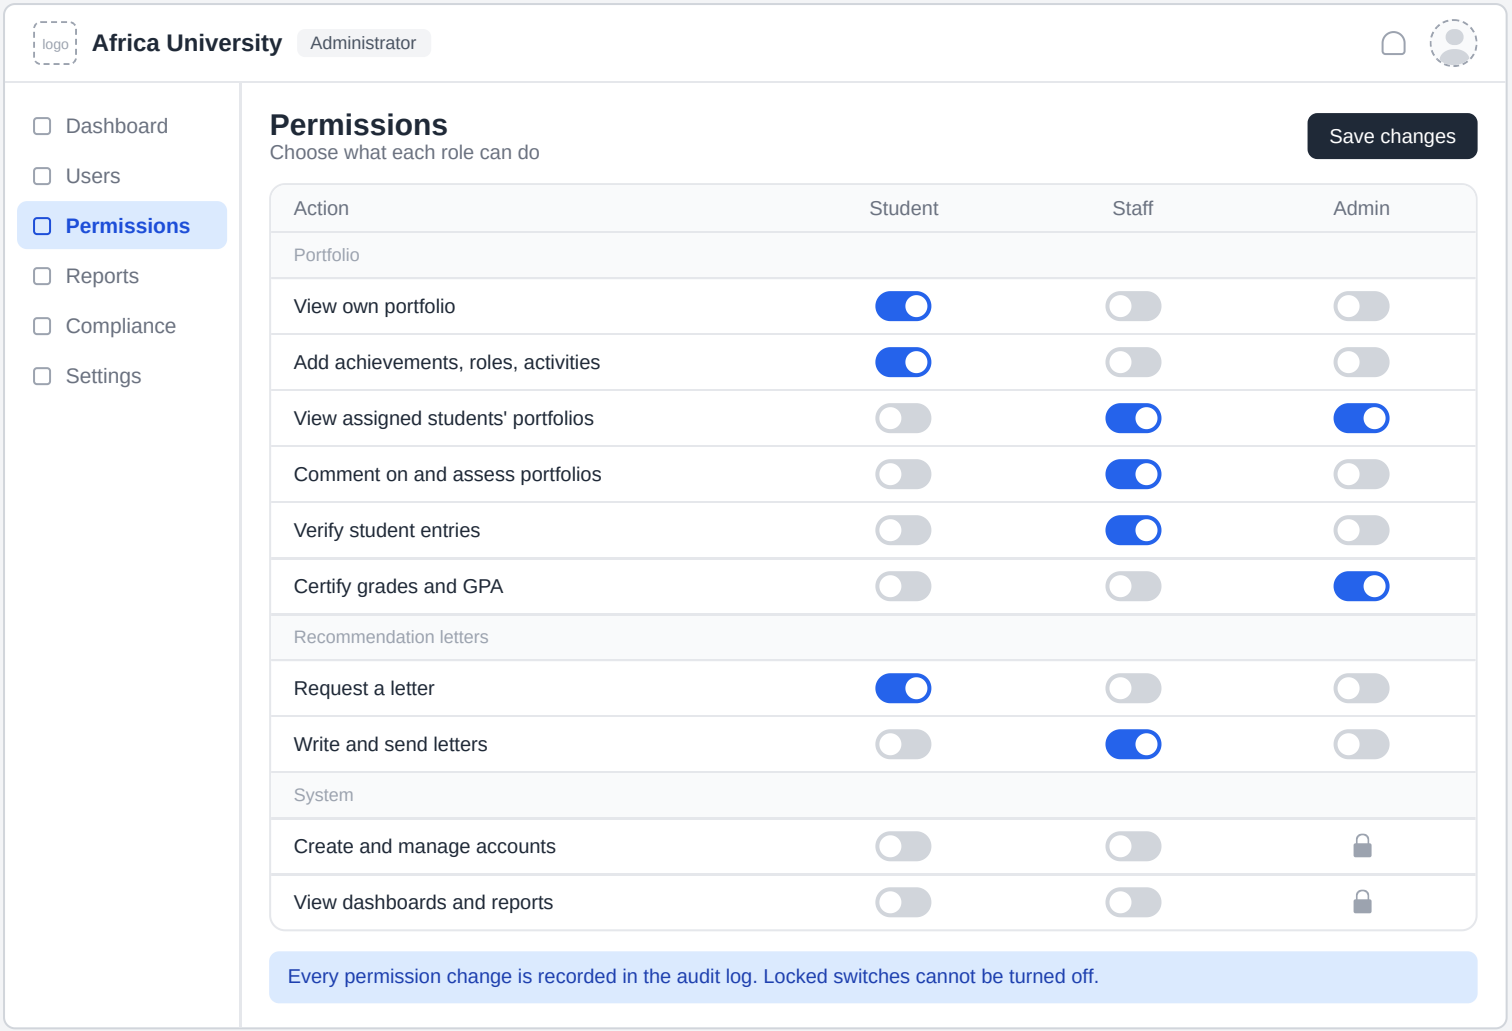

What this screen does

- One list for every user, filtered by role tabs, search, and status.
- Statuses are Active, To confirm (new student sign-ups), and Suspended.
- The three-dot menu on each row would offer edit, reset password, suspend, and delete.
- The Add staff account form takes photo, name, staff ID, email, phone, role, and faculty.
- A temporary password is emailed, so admins never handle anyone's password.

Screen 11: Permissions

Administrators

What this screen does

- A grid of actions against the three roles, with an on/off switch in each cell.
- Only admins can certify grades and GPA, so students and staff cannot change certified results.
- Lock icons mark admin abilities that cannot be turned off.
- Every permission change is written to the audit log.
